Premium CRAFT BEER SOAP

Hand Crafted Vegan Soap
made with
Premium Craft Beer

There are a lot of great skin benefits of beer soap, beer adds a lot of great elements to your soap. Hops is a big component of beer, and when it is added to hand crafted soap it inherits skin nourishing benefits. Not only is it super moisturizing, the amino acids it contains helps to fight against skin redness, skin irritation, acne, frizzy hair, dry skin and eczema.

Even with all the amazing benefits of beer soap, it has one property that is absolutely wonderful; LATHER even in the hardest of water, it still creates a great bubbly lather, it's even great for shaving!

Our soaps are handcrafted, each bar may vary slightly in color and size.

Our full size bars average around 5 - 5.5 oz.

Like any other natural soap we do not add a chemical hardener to dry out the soap.

Keeping the soap dry in between uses will add to its longevity.
